Movie411 PC/Windows

- Universal search interface for movie covers and information - Includes all sizes of back cover (4:3, 16:9, 16:10, and square) - Includes all sizes of box cover and the movie poster - View the latest Movies in theaters (including movies out of the USA) - Watch the latest trailers - View the synopsis and "Videocard Score" on the movie page - Search by IMDB Pro-ID - Search by movie title - Info view showing the selected movie and back cover - Information view showing title, producer, IMDB number - Information view showing an image from the cover - Info view showing an image from the front cover - Print your selected movie from the data base (requires double-click) - List all movies - Count all movie covers in a photo album - Date and Time of the cover - Show full movie description with cover and pictures - Show movie credits with the "i" symbol - Non-printable movie covers are saved in archive - Web interface - Support for the current IMDB and IMDB Pro-ID - A2Z Movie directory - Quick launch interface - Add direct links to your movies Note: if you are using a non-Mac OSX computer, you will have to download and extract all the components in Movie411 using a tool like 7zip. Each component must be placed in it's own folder. Notes: - This app does NOT look good on a touch screen - It is NOT recommended to use this application on a more than 1GHz Mac. - Movie411 is a large application. If you have a limited hard drive space available, you will have to free up a lot of space before installing Movie411. - To get a more detailed and polished look, change the default template to "Madara" and change your home folder to a theme such as "Digital". You can try out the files that come with the various computer skins in the skins folder. - It is also possible to change the default "Digital" skin by installing a skins folder into the Movie411 folder. You will find skins inside of the "skins" sub-folder. You may name this folder whatever you like. I am happy to announce that after a long break from MacLife, I am once again presenting a unique and useful application for you in the form of Video Goggles. Video Goggles allows you to preview 6a5af4b4c
