Allows you to set the search depth for all sites at once (based on link href's)

Trellian MP3-Wolf With Serial Key

Allows you to perform advanced keyboard macros. Key Macro is a dictionary based macro recorder, unlike the built in macro recorder the KeyMacro works by recording keyboard presses. These can then be easily duplicated and played back to perform the same task. KeyMacro can use it's dictionary for searching for words that are written in the text it records. KeyMacro has a dictionary with a text file and a text file for the keywords. This makes searching for words much faster. KeyMacro will automatically create a new dictionary for you when you first start using it. This allows you to easily add your own words. KeyMacro supports two different output formats, Windows "*.log" and Macintosh "*.txt" KeyMacro has a configurable start time, end time, and space interval. You can also optionally have the word that the dictionary was looking for printed at the end of the macro. Other features of KeyMacro: ? Easy to use interface ? Highlight word searching ? Contains a search dictionary ? Can be used for one off macros or for automated systems ? Retains history of macros ? Can also be used in conjunction with

other programs ? Allows you to easily change the text box size for the macros ? Allows you to save macros as.txt files ? You can easily export macros to a text file for future use ? Automatic synchronization of settings when running macros. "Trellian Multimedia Music Player" is a music player for Windows.
