Choosing OSI color models.. Canon PRINT Inkjet/SELPHY can be downloaded from App Store and Google Play. The final destination should be an open CMYK 4-bit working space..“I think that there is the possibility of [robots taking jobs]. I don’t think that that’s going to happen, because a lot of jobs need to be done.” Elon Musk, founder of Tesla, SpaceX and PayPal “Based on what I know about the high-tech economy and the education system in the U.S., I believe that a robot could not do a job better than a college-educated person doing that job right now.” Jeff Bezos, CEO of Amazon “If a machine costs a dollar to make, it will cost you a dollar to use.”

Richard Stallman, founder of the GNU operating system project, and the Free Software Foundation 10. Knowledge Is Power “A little knowledge is a dangerous thing.” Albert Einstein We might not be able to rely on the free market anymore, but that doesn’t mean the answer is to stop developing and promoting knowledge. What we know of the world around us is the primary tool of our survival, and what we learn about it can help us use our resources more wisely. For example, when we discover a new energy source or potential problem like global warming, we can then do something about it. Knowledge helps us with all the problems we know about, and without knowledge, we may never find those problems, and the problems we can’t solve may remain unsolved. Besides, we all know that knowledge is power, but what kind of power we have will depend on what kind of knowledge we have. 9. We’ll Work the Problem Out “No problem can be solved from the same level of consciousness that created it.” Albert Einstein We know there will be problems in the future, so why not solve the problems we can solve now, and make the future better? What are we afraid of? It might be the unknown, but what are we going to do?

We will work the problems out, and we will make the future better. It is better to try to make things better before problems arise than to solve them after they’ve arisen. Besides, we all know that if you don’t solve the problems you can, the
