The Departments of Homeland Security and Justice have made you an offer you can't refuse – join law enforcement, fight crime in the Columbian jungle, or work for a Colombian drug cartel. Your choice will determine how the story unfolds, as you work your way through the ranks of the notorious Medellin Cartel. From owner, to kingpin, to sicario. We've also included a Single-Player campaign where you take the role of a Special Forces operative in an effort to apprehend the leadership of a drug cartel. You must make your way deep

---

into the Colombian jungle, where high-tech weaponry and endless firepower are more than a handful for your average drug addict. Fight for the Medellin Cartel as a Sicario, or enforce the law on the Coalition as either a Colombian Search Bloc or DEA operative. The decision is up to you. The Colombian jungle city of Medellin is the final battle ground in Colombia's long standing drug war. You and your fellow Coalition or Cartel operatives are engaged in an intense, story-driven action packed campaign, with players controlling their own character, choosing their own destiny. We pride ourselves on providing a massive open world and environments that are truly authentic. We worked with our own photographers, computer graphics artists, and developers to achieve this. A massive

single player campaign with a variety of missions, and an environment to explore alone or with friends, Cartels takes place during the late 1980s drug war in Colombia. Fight for the Medellín Cartel as a Sicario, or enforce the law on the Coalition as either a Colombian Search Bloc or DEA operative. Take to the streets and jungles of Colombia and engage in intense realistic firefights. Features: Authentic gunplay: Engage in realistic firefights with weapons that must be carefully aimed, but are quicker to kill. There are no crosshairs or hitmarkers. Character customization: Mix and match numerous clothing options to make your favorite outfits for either the Cartel or Coalition. Cooperative & offline play: Play cooperative missions against AI enemies with your friends in Outbreak and

## **What's new:**

**provided great insights and content. By the way, PluginCloud seems to have outgrown its Beta stage, isn't that right? FunTracker Mobile advertising biz FunTracker provides pretty neat tools for app developers. Their App IQ solution allows apps to assess user behavior and fun metrics, as well as find the most engaging topics across the App Store. Facebook ads for Android The mobile ad functionality that Facebook provides is available for Android apps with advanced features, like sponsored posts, Interest-based targeting, in-app conversions, remarketing and more. Facebook offers its own ad network, so most mobile ad networks will work on Android. Some examples of mobile ad networks are AppNexus, BrightRoll, SkyRocket, ROAR, Oclap. Google AdWords Google does not offer an ad network specifically for Android apps, but in general, Google AdWords works on most devices and could be used for mobile use cases. Creating ad campaigns for Android apps are simple and well document on Google's**

**Google AdWords site. Remarketing Remarketing and retargeting ads are a great way to show ads to people that already performed a conversion action within an app. Remarketing ads shows in a separate ad format and creates great results, but they can only be done on mobile apps and not desktop/browser versions. AppTweak AppTweak does a great job implementing different ads and ad formats for Android apps including ads on social media and desktop. Pardot Pardot offers clients a platform for remarketing, retargeting, retargeting at scale and heat, and in-app interstitials. It can be used for both native and cross-platform apps. R Finsbury R Finsbury does a great job gathering a variety of formats for mobile ads, including video ads, at a reasonable price. Tapad Tapad offers a mobile ad network that is specifically developed for mobile apps. It covers: Video content In-app interstitials Ad network interstitials Native (tsr) Ads Facebook Ads FXBridal Mobile solutions While mobile apps have a lot of benefits, the performance and cost of advertising and retaining customers can be**

Touch our baby. Touch our child. Touch our future. Welcome to the world of Desshoku No Kuma. Touch, eat, and play the world's best puzzle game on Nintendo Switch, PlayStation 4, and Steam. The story begins with a baby kuma who is brought into the world by the spirits of a "divine hero" and a "hero of legend." He is gifted with "magical hands" which not only make it easy for him to eat, but also make up for his obvious lack of martial arts skills. The baby grows up and becomes a big and strong kuma, so it is time for you to start the original series of games, where you touch, eat, and play the world's best puzzle games, on Nintendo Switch, PlayStation 4, and Steam. The original Castlevania: Adventure of Konami
