The answer is left to you, so it is your choice whether to be motivated by determination or by the love of riches. A History of Betrayal The history of the "Lands Between" goes back long ago, when a great catastrophe engulfed the world. The Elden God's mansion was destroyed by monsters, and the spirits who had been part of the mansion returned to the great northern plain, completely devoid of life. After this catastrophe, the land was left a wilderness, and a legend began to flourish. The legend said that a man and woman had made a pact with the monster that destroyed the mansion, who had been cursed by the gods, and had brought him as a slave to the mansion to be his servant. A huge power was released within this agreement, and the man's sacrifice was his service to the monster. Therefore, the man became a "Curse Fiend," and those who accompanied him became "Curse Monsters," and finally the Elden. After undergoing a painful transformation, they served the monster for ten thousand years, until one day they left their master. The monster then betrayed the woman he originally brought as a servant, and drove the man to despair. The monster killed the woman, and cruelly tortured the man who had been his servant. Finally, the monster came to the great northern plain to make his home. The Curse Fiend cursed the monsters that accompanied him, and they became monsters living in various places in the Lands Between. Amongst them was Anubis, whose attacks are easily detected. As the master monster, he has a great power, and many monsters such as the massive "Harpies" and "Mantises" await you. The Lands Between The monster has a home in the great northern plain, and the Lands Between is the area in which it is located. For a long time, the monster's name remained unknown, but there were rumors of a woman's existence. The people who believe that the monster resides bff6bb2d33

Rise, Tarnished, and be guided by grace to brandish the power of the Elden Ring and become an Elden Lord in the Lands Between. # 1 THE BEST RPG SERIES from the legendary producer of Theatrhythm Final Fantasy® for PlayStation®2 Dear god we are huge fans of the Final Fantasy series and the first game in the series SquareEnix has been the only video game series that we haven't really been a fan of. Until now that is, we're in love with Theatrhythm Final Fantasy! Well known for their action role-playing games, Square-Enix knows how to create an amazing experience in this genre and this is exactly what they did with Theatrhythm Final Fantasy. We played Theatrhythm Final Fantasy from start to finish and we have to admit that once the initial fear had passed, we started to love the game as we played through it! We will most certainly be getting our hands on Theatrhythm Final Fantasy 2 when it becomes available. Square Enix has also created a music game, Theatrhythm, that's actually pretty fun. With Theatrhythm Final Fantasy we're really looking forward to seeing their team's unique gameplay brought to life. Oh and they also recently announced that Final Fantasy XII is coming next year, which makes Theatrhythm even more awesome! Gameplay: Gameplay The Theatrhythm franchise is a very fun game series and Square Enix brought it to life again with Theatrhythm Final Fantasy. It is an RPG that is a mixture of action role-playing, rhythm action and music. You can even combine both styles of music with your character's weapon or spell. There are three different classes of special moves; the sword attack, the spell attack, and a double attack. Once you learn an item you can equip it to use in battle or to perform a special attack when you use a special item. There is also an element of strategy to deciding which special weapons to purchase and utilizing items to your advantage. Theatrhythm Final Fantasy also includes many different dungeons to explore and map puzzles to solve. You will also need to fend off bosses that will appear and the skills you learn will help. The challenge comes from trying to do this while being able to create the perfect melody and seeing the patterns in the music for the next move. The game is very easy
