FIFA is one of the most recognized, most popular sports franchises in the world. Since we've created the FIFA series, over 1.5 billion gamers worldwide have kicked, dribbled and competed as more than 100 leagues, clubs and national teams. Now, with FIFA 22, we're bringing the experience of authentic football to your living room by building upon the framework we've created, and our previous game engine technologies. The game is more accessible than ever, with more ways to play and manage your club. Introducing a brand new Career Mode which shows off your skills on and off the field, while the tactical options available in set-up and tactics, including substitutions and real-time positioning, offer a number of fresh innovations and gameplay options. I have heard it was poor? There are some real-life 'challenges' in the world of football. These can vary from post-match reviews, differing interpretation of the rules, or even opinions from rival players or managers. We have since the beginning striven to address these issues with our game and have expanded our in-game social element with friend lists, network management and in-game messaging.
