Which is the only solution where i can change the oid or the data type of the key column as followed:  
alter table mytbk4 adjust key "key" "int", "string" A: So I was able to solve the problem by using the following: alter table mytbk4 adjust key "key" "int", "text", "text", "int" The problem was that I was using the wrong data type for my key column so it was too large for some functions to work with. Q: How to start Oracle 11g express edition on Ubuntu 10.04? I am trying to run the Oracle 11g express edition on Ubuntu 10.04. When I run the command sudo apt-get install oracle-xe I get the following error: Reading package lists... Done Building dependency tree Reading state information... Done E: Unable to locate package oracle-xe I am stuck now. Please help! A: You should probably just install the RDBMS bundle rather than use one of the Oracle or OpenOffice.org installers. See Oracle's Downloads page, the one listed as "Oracle Database 11g Express Edition". 1. Field of the Invention The present invention relates to an image information compression coding system. More particularly, the invention relates to an image information compression coding system suitable for compressing image information containing a high redundancy. 2. Description of the Related Art The techniques for compressing an image are classified into those for compressing an entire image data, such as a frame rate reducer, a facsimile device, a character processing device, a personal computer etc., and those for compressing the image data within each frame, such as a multi-functional peripheral device, a portable telephone, a facsimile device etc. Compressing image data within each frame is advantageous in that, a memory capacity and a data transfer time can be reduced. Among those, the frame rate reducer is in wide use in the field of facsimile devices or the like. Now a description will be made on an image data compression coding system according to the prior art. In the coding system, a picture is divided into blocks of predetermined size. Each picture is compressed by coding data on the basis of a prediction from a past block. In the coding
