character and increase in power with each rank. Online Play Connect with your friends and travel together! Graphically-Superior Action The world you are playing in is a living and breathing, three-dimensional world with high quality graphics and easily controls. Customize Your Character When you create your character, you can freely combine weapons and armor. You can develop your character according to your play style, such as increasing your strength to become a strong warrior, or mastering magic. Online Missions I created this game so that people could enjoy the experience of roleplaying, which is not limited to their home. Gameplay: Close your eyes and imagine an action RPG where the world of a fantasy is born. The characters of the game aim to attain the greatness of their world, but still retain their childhood characteristics as they face trials and tribulations. Play with the freedom you enjoy in a game. Online Play: Immerse yourself into the atmosphere of

the game through the multilayer online interaction where everyone can experience the drama of other people. The online play connection allows you to experience the greatness of your beloved fantasy world, a fantasy drama that has not been experienced before! Development Team: I am one of the creators of this game. Please allow me to work together to make this game the best it can be. GEO DAN CUIZI KAZUYA HOSOKAWA Hi, I'm Cui Zi and I'm the game's producer. I'm very happy to be involved in the creation of games that give players the freedom to create their own characters and enjoy them using virtual reality. In this game, the graphics are

### **Features Key:**

1. *Clear Battle System* Clear the area by taking on an enemy group, clearing through areas, and proceeding to the dungeons! In addition to single battle battles, fenced off skirmishes involving one to four players can be launched.
2. *Surrounding Battle* Directly battle surrounding enemies along the middle and bottom of the screen!
3. *Unique Multi-camera System* Multiple Camera and Character Direction System: Camera focus is assigned to one of the player's characters depending on their locations. When your camera direction is changed, the camera will change similarly.
4. *Attack Meter* Attack the enemy with the assigned weapon according to the attack meter displayed in red. If the attack meter reaches the full level, you can attack with all of your equipped weapons from that weapon group!
5. *After Battle Effect* After you beat the enemy, you can check out your after battle effects in a summary screen!
6. *Automatic BGM* Automatic music play when entering a dungeon or

area.

7. *Crafting Materials Recycling* When completing a dungeon, you receive materials depending on the player's level. By the use of recycling, you can prevent any obsolete items, which are displayed using the percentage.

8. *Battle Stats* Combat the various arms of the Monsters in the dungeon as you level up, as well as directly read battle stats before starting the battle.

All Heroes are waiting for you!
