SherlockSays is back - what's the best way to scale a mobile app? - abraham SherlockSays is back. After a long time off, this is our first submission since we first launched in 2007.If you can see it in action, you can play it in the iTunes store: have added some features that make it more fun and more useful to the user (see updates below) and plan to add more soon. The design of our main page (website) is also being improved.We are mostly curious about the best practice for scaling a mobile app like this. The above poster says to just build it for iOS and Android, but I am wondering if it's still a good idea to build it as a native app with the iPhone, iPod and iPad SDKs. Has anyone else had experience with this? Are there downsides to using all three versions of the SDK?Any feedback would be much appreciated!Thanks,Andy ===== credatronic Try using Phonegap (www.phonegap.com) ~~~ abraham Thanks, I will definitely check out this technology. Bike injury prevention: do surgeon's training and practice play a role? Cincinnati is one of the first cities in the United States to require motorcycle helmet laws for adults on the streets and public roads. Because of the passage of this law and the increase in the number of riders, we do not know if there have been any changes in the frequency of motorcycle injuries to the orthopaedic surgeon. In this study, we performed a retrospective chart review of all patients who had had a documented orthopaedic trauma during a 12-month period in an urban orthopaedic trauma clinic.
