the technology and world-building in skyrim goes far beyond what was featured in any other game at the time, and this extends to the accompanying, though optional, mod toolkit. more than 200 official and unofficial add-ons are available, and while most are based on the engine and content of skyrim, many have been tailored to specific playstyles and stories. the wealth of mods available means there's a vast selection of adventures for those who would like to have their adventures shaped by the people who are shaping the game and how they want it played. the game takes place in a wide open world with many possible quests to chase. see what happens when all our monsters are out on the front lines and that the humans can no longer hide from one another. we explore this beautiful game, and the place where our story begins, with the elder scrolls legends tournament at pax east! skidrows dmc 2 adds new contract-based gameplay to the dmc formula, promising both a fresh gameplay experience and a rewarding, deep narrative experience. dmc 2 plays like a thriller, crossing between open-ended gameplay and clever puzzles. the game takes place in the original dmc universes in place of a new storyline, and now features four playable characters, with branching paths and narrative decisions. key features: contracts - accept contracts, placed by other players, that grant you new weapons, armor, special abilities and more. their solutions can be anything from rescuing fellow inmates, attacking rival mob bosses, or just freeing fellow inmates who are friends of the player characters. quick-time events (qte) - to use contracts, the players need to complete a series of quick-time events, timing actions to a beat in real-time. this can be tricky, as timing attacks is a skill that needs to be practiced. narrative decisions - the game features significant story decisions that affect the main storyline, both in-game and on the official dmc multiplayer servers. the choices made in the story affect the futures of many important characters, including your own. 5ec8ef588b
