

## HD Online Player (HACK SmartLaunch.v4.1.115 By Deathgo) !EXCLUSIVE!

customize the quality and size of your media library, the channels, and the subtitles in multiple languages, and make it full-screen. hd online player automatically detects the available video quality and automatically selects the right file format for each resolution. the latest release of hd online player comes in the form of a windows installer file. if you have a 32-bit windows, the installer is compatible with windows xp, vista, 7, 8 and 10. the installer can be downloaded from the website: please note that the old windows installer file can be used to install the hd online player on windows 9 and higher. to install, simply right click on the installer file and click on "run as administrator". you can start the hd online player by double clicking on the program shortcut, which is located in the program files/deathgo folder. alternatively, you can run the software by selecting it from the start menu. this is my initial layout for the hd online player. it is built with a theme to emulate the old hd online player. and i have taken the time to overhaul the interface, adding more functionality and possibly to improve the look. this might not be a final layout, i have a lot more work to do on it. 1. download and extract the image 2. extract the game.iso to the drive 3. set your system to boot from cd 4. you can now boot from the cd 5. insert the usb drive 6. choose the game iso 7. open the folder where you extracted the game.iso 8. find the hack smartlaunch.v4.1.115 by deathgo folder and open it 9. patch and run 10. start the game
