heard, and now, the long-awaited "Doki Doki VR Mode" is here! Every aspect of Gal*Gun 2 has been tweaked to work in VR! From the shooting stages and ... To the interaction! For every player, not just every shooter! In the game, there are currently about 150 different weapons, as well as 30 different types of enemies, and so many options it's hard to even imagine! It's the longest game in Gameboy history, and it just can't be completed in one hour, which means it takes two or more hours of high-resolution play! And if you want to play it with friends, you can play with them on the same screen!
