Papa tangalam is a movie released in the year 2006 with Mohanlal and Abbas as the main protagonists. The movie revolves around a father, who does not want his son to become a cop like him. The movie achieved high viewerships at the time of its release and has become a cult film since then. It has been remade in Hindi and Telugu. Since the movie has been classified as family comedy, it has a lot of dialogues, which are targeted towards kids. A large number of youngsters have often watched the film and have become loyal fans of the movie. This movie is all about a dad. It portrays a father's view on son who is becoming a cop. It talks about police corruption issues, which are common at the time of the movie and still in India today. If you are a film lover. There is a chance that you may lose many of your film collection due to Kodi Pc malware. Usually we prefer to own physical print of the latest movies and those are not available anymore. Other than that, some movie producers release their films for streaming on various websites, which might go the same as the piracy movie sites. You must know that those who download a movie or a series and do not know the legalities, suffer a lot. The Internet Movie Database also shows the details of the movies and this is illegal. Due to such movies, cinema may face a lot of problems. Because of that, it is suggested to not download or watch any kind of movies on this platform. As more people download movies and series for free, the amount of piracy as well as illegal activities increases. And a lot of harm is caused to the movie makers, distributors and the viewers. The makers of pirated content can face legal prosecution, a ban from running movies or studios on platforms such as the American version of Spotify. This is in order to reduce piracy and illegal activity.
